Christian Greetings

1. Your efforts to prepare financially for semester 2, AY 2020/2021 examinations is highly appreciated.
2. Management resolved to invoice all the mentioned activities immediately after examinations. This, however, does not stop you from making proper financial preparations to pay for the activity immediately after examinations.
3. All such activities for all programmes will commence immediately after semester 2, AY 2020/2021 examinations. Insurance of Logbooks and supervision materials will be handled with evidence of payment.
4. You are, therefore, required to liaise with your departments for internship and other related activity schedules.
