3. The University will continue running remotely online to assist students wishing to make applications, enrollment, and registration or make payments via <https://students.bsu.ac.ug> (Zee-varsity System).
4. A virtual learning environment (<https://vle.bsu.ac.ug>) has been set up for the lecturers to upload modules, class notes, course works, and assignments during the 32 days period and after so that, students will continue learning using this virtual learning environment.
5. All communications will be via emails using your official university email accounts.
